

Shinetsu Half Trail Plus

31 - 8 June 2020

Walk the Shinetsu Trail & the Nakasendo
among early summer flowers
max: 8 travellers

Our Shinetsu Half Trail Plus is for travellers who would like to see the nature of Japan in new green foliage and early summer flowers. This tour focuses on Nagano Prefecture, combining two of the more gentler sections of the Shinetsu Trail with two days on the Nakasendo (over the Magome Pass to Tsumago, and the Torii Pass between Yabuhara and Narai). Enjoy gorgeous early summer flowers, new green forests and historical trails by day and relish delicious local food and onsen baths (hot springs) by night.
